

Aftermath of a tragedy

One young man was killed and two others injured Saturday at about 8:10 p.m. when a Southern Pacific train hit this automobile smashing it into the crumpled, twisted heap. Don Leinweber died at the scene and Glenn Muennink and Bobby Hartung were injured. The impact knocked the car 97 feet from the crossing at Avenue Y where the collision occurred.

HAVE YOU REGISTERED

. . . for voting privileges yet? Then you should as soon as possible. Alfred Rohrbach, Tax Assessor-Collector, tells me there really is no deadline, except that you must register and get your application to the tax assessor-collector's office 31 days prior to the election at which you wish to vote.

Those of you who are 18, you now have the privilege (and responsibility) to vote. You can register anytime you desire; when you turn 18 you can register and be eligible to vote 31 days after that.

I hope you all register (under 30, over 30, senior citizens, protesters, non-protesters, silent majority and that fringe bunch that just "don't give a hang") and vote. This year will be an important one for the citizens of Medina County, Texas and the United States.

We have all sounded off something fierce all last year about "things are rotten; they must be changed." All right let's say our piece about "changing" them in 1972. LET'S REGISTER AND VOTE.

JERRY GROTE

. . . the first string catcher for the New York Mets was in Hondo last week visiting with Tom Bridges and Tom brought him by for a cup of coffee.

I am glad he did for Jerry proved to be an interesting and most sincere young man. Although only 29, he says he is "old in the baseball wars".

Tom signed Jerry to the old Houston Colt 45's when he came out of high school in San Antonio. Later he was traded and wound up with the Mets where he has turned in some fine years.

The conversation covered many subjects with a main one of interest to be being the fact Grote feels the Houston Astros helped themselves when they traded for Lee May and Tommy Helms.

He also said that 162 games a year "gets to be a grueling grind." Jerry play-

Housing most vital need in County, survey shows

The Priorities Committee of the Medina County Committee of AACOG have compiled answers from a questionnaire and submitted a report to County Judge Jerome Decker who presented it to the County membership at its regular meeting Tuesday night.

The report outlines what projects county citizens feel are most important at this time. Rev. George H. Steubben is chairman of the committee and he made the tabulations with members John Nester and T. A. Lopez.

Results of the survey indicate the priorities as follows: housing, 13 votes; education, 12; recreation and open space, 10; economy, 9; human resources, 8; public protection, 4; health, 3; natural resources, 2; transportation, 2; and general government, 0.

Some 36 questionnaires were mailed out and 22 were returned. A breakdown of the area covered by the questionnaire and the response showed: Hondo, 12 sent, 10 received; Natalia, 5 and 3; LaCoste, 4 and 2; Castroville, 5 and 3; Devine, 5 and 2; D'Hanis, 5 and 2.

Continuing the report the committee wrote:

"Most areas indicated a

complete lack of housing. Castroville does not seem to have this problem. Lack of rental facilities were especially noted--lack of 2-3 bedroom houses, need of loans, low income houses, assistance in rehabilitation and rehabilitation loans.

"Education was the number two priority. The need of caring for drop-outs--need of additional counselors, truant officers as well as implementation of trade school, vocational programs and job training. Lack of money cited by school administration members of committee.

"Recreation aspect came in for heavy support from Castroville, Hondo and several other scattered areas. Land is available for development into recreational areas but lack of necessary funds. A desire for State and Federal funding. Closeness to San Antonio could make Medina County very appetizing if nature trails, horse trails, camping, swimming were readily available.

A boost to economy, too. A couple of the members mentioned control of run-off waters and construction of dams and reservoirs. Would help in control of floods and provide water supply as well as boating, fishing and camp-

ing areas.

"Economy was number four and noted were lack of industry--need of more jobs, need of county wide publicity to attract industry. Need of training programs to provide adequate labor supply."

"I feel that my experience as County Attorney for Kinney County, my partnership association with the present Medina County At-

orney include attending the terms of court in his county below the grade of district court, representing the State in all criminal cases under examination or prosecution in his county; and, in the absence of the district attorney representing the State alone and, when requested, aiding the district attorney in the prosecution of any case in behalf of the State in the district court.

Letters from the mailbox

Burnis:

I enjoyed reading Mr. Poerner's comments on the 62nd and upcoming 63rd legislative sessions. The Anvil Herald did its readers a definite service in publishing the article. But as a candidate for state representative in District 45, I feel compelled to comment on Mr. Poerner's speculations about reform and taxation.

Many times we do not realize or take time to think what our fighting men are doing for us.

We certainly are for you and stand behind you.

In fact, we hold you in high esteem at a level as high as the defenders of the Alamo.

Local Justice gives report on law school he attended

By Harold F. Herring
Justice-of-the-Peace
Precinct 1

It was my privilege to spend January 11-12-13 and 14th in San Antonio at the Sheraton Motor Inn attending a short course for Justices of the Peace. This course was in compliance with a Law passed by the last Legislature requiring all Justices of the Peace, who have not held the office for eight years or more, to obtain 40 hours of approved law course or to be an attorney.

Finally, I would like to thank the Anvil Herald for helping present the important political issues for the voters' consideration.

Sincerely,
Jim Green

These courses are being conducted by the Police Training Division of Texas A&M University through a grant from the Criminal Justice Council.

These men have surrounded themselves with a very able and capable staff from

every point in the State of Texas. Some of the topics covered in this course were:

Criminal Intent by Tom Bullington, Assistant Attorney General of Texas; Traffic Laws, Van Smith, Texas Department of Public Safety from San Antonio; Examining Trials, Judge Albert Lee, Justice of the Peace from Humble; Aspects of Justice of the Peace Court, John Forbes, Justice of the Peace from Arlington.

Also, Common Sense and the Law, Judge Billie Montgomery from Munday; Arrest with and Without Warrant, Ira Scott, Texas A&M; Judicial Ethics, Judge Joe Clark, San Antonio.

The above are just some of the subjects that were covered in the 20 hours of study. The second 20 hours will be held on April 19-20-21.

We are becoming more and more aware each and every day that this world is changing at a fast pace; we are indeed seeing the dawn of a new era. When I was a student in school, I held the law enforcement and

Judges in awe and fear, because it was impressed on us that if we broke the law, we would be in bad trouble. Now, people of all ages are beginning to ask why; and this is good, they have the right to know. They have the right to know what their constitutional rights are. If these rights were meant to be some dark secret, they would not have been written into the Constitution in the first place.

I feel that about 85 to 90 percent of the people who come in contact with the courts in this country come through the Justice of the Peace Courts. They should know these rights. I will continue to do everything in my power to see that they do know the rights that are afforded them and also what redress they have, if any, under civil law. If I don't know, I'll do my best to put them in touch with someone who does know.

NHS holds monthly meet

The monthly meeting of the Mary Ethel Hartman Chapter of The National Honor Society met January 3, at 6:30 p.m. It was reported by treasurer, Amy Johnson, that the chapter has \$14.50.

Many different ideas for goals were discussed. The main goals include service to the community and school. Meetings will be changed to the second Monday of the month at an appropriate time. It was decided to make Mrs. Mary Ethel Hartman an honorary member.

Members of a committee to discuss the installation included Lynn Leinweber, Karen Werneke, Rebecca Jordan, Gordon Wiemers and Janelle Been, chairman.

New phone books due February 3

The new Hondo-Yancey telephone directories will be mailed to local telephone customers beginning Thursday (February 3), according to Harold Johnson, Southwestern Bell manager.

The manager said some 2,700 copies of the 1972 directory will be distributed to telephone customers in the two communities.

Appearing on the cover of the new book is a painting titled "One Summer Day" by South Texas artist Dalhart Windberg. The painting, commissioned for use on telephone book covers, is of a wooded field and gate.

of the first persons to arrive on the scene were Greg Muennink, son of Mr. and Mrs. John Muennink, and Don Wilson, son of Mr. and Mrs. George Wilson. They had crossed the tracks ahead of the train and were stopped at the intersection waiting for highway traffic to clear. When the train stopped they ran back and crawled through the train to reach the accident scene, and said all three men were out of the wrecked automobile.

Sheriff Charles Hitzfelder was crossing the railroad tracks at Avenue U and rushed to the scene when he saw commotion near the Armory.

Engineer E. R. Harwell, said he did not see the car in time to stop.

Leinweber was employed by the City of Hondo and he was the second city employee to be killed within a week. Randy Gray was killed a week earlier in a car accident east of Castroville.

Leinweber's death also marked the seventh person to have been killed at railroad crossings in Hondo since 1965. Those deaths were recorded: one in 1965, four in 1967, one in 1970 and one in 1972.

ed 126 games last year and said he was "plenty tired when the season ended."

One point the Met catcher made might be of interest to Owl football fans. "A good, enthusiastic crowd does make a difference, and you better believe it," he said. "Fan support carries any team a long way."

Grote has purchased some land near Smiley and Tom was taking him out to have a look at Bonnard Rothe's place north of D' Hanis. Bonnard has a reputation of being "one of the best" around in the farming and ranching business and Jerry wanted to get a few points.

Somehow, knowing the three, I bet the conversation centered on baseball more than farming.

NATURALLY, LEROY BRITSCH

. . . would bring me the following newspaper article someone mailed him from Kansas City. It appeared in the Kansas City Star, Oct. 11, 1971:

"HONDO, Texas--A sign on Highway 90 going into this Southern Texas town advises, 'This is God's Country, Don't Drive Through It Like Hell.'

"Outside of Texas, not many tourists would agree Hondo is heavenly. However, there are a couple of motels, a museum, and the old air base. But perhaps the town's best attraction is Hermann's Sons Steakhouse that attracts visitors from a wide area.

"Near Hondo, also you find excellent deer and turkey hunting in the Texas Hill Country a few miles north."

That writer must be from the Missouri side of Kansas City. He would have to be from the "show me" state, or otherwise he would have recognized at a glance that Hondo is God's Country. If he would move down here and live awhile, I bet he would change his mind.

WELL, I GUESS

. . . we can all make mistakes. Last's week story on agricultural enterprises in Medina County came up a little bit shy of the total figure. Glenn Bragg sent me a note saying his typewriter was not accustomed to such high figures but the story should have read: "Total cash receipts from all agricultural enterprises in Medina County were about \$20,269,000.00 in 1970 and as result of the drought \$16,515,000.00 in 1971". I think the story had it in the thousands, and we are happy to change the figure for Glenn.

. . . statements to see if you are about to draw a penalty. The County taxes by state law now draw "one dollar (\$1.00) in addition to any other penalty and interest that may be due on each 1971 past due or delinquent tax statement issued after February 1, 1972."

This was the message put out this week by County Tax Assessor-Collector Alfred Rohrbach. His notice also said that none of the money is retained by Medina County, but goes to the Legislative Property Tax Committee created by Senate Bill 414, the same bill that created the extra \$1.00 charge.

So while you are checking this, be sure and see if you have paid all your taxes so you won't be liable for other penalties.

Construction of some 35 miles of transmission line is being planned by Medina Electric Cooperative, according to a legal notice appearing in this issue of the Hondo Anvil Herald.

Women's lib in band?

Spectators at high school band performances are so accustomed to seeing a man director, they might do a double take when they see the Sabinal Yellowjacket Band. Mrs. Peggy Rehm directs the band as one of the very few women band directors in the state. Here she attends the barbecue luncheon given Region band directors Saturday by the Hon-

do Chamber of Commerce. She talks with clinician Eddie Galvan, left, of Corpus Christi; Newell "Bud" Woolls, President of the Hondo Cof C; Billy Harrell, Owl Band director. Band students in the Region band studied under Galvan all day Saturday and presented a concert in the Hondo High School gym that night.

Duty-Lorraine vows exchanged in San Marcos

Miss Joan Frances Duty and William Vinson Lorraine were united in marriage Saturday, January 8, 1972 at St. John's Catholic Church in San Marcos, the Reverend Charles Gielow performing the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Cletus D. Duty of Shreveport, Louisiana and the groom is the son of Mr. and Mrs. Rudolph Lorraine of Route 1, Natalia.

Miss Carla Johnson played the nuptial music on the organ. Soloists were Jerry Cronkhite, Kay Reber Lector and Richard Rodriguez.

The bride, given in marriage by her father, wore a floor-length gown of silk faced satin featuring a scoop neckline empire bodice and full bishop sleeves. The

gown had accents of Alencon lace which trimmed the chapel-length train, bodice and A-line skirt.

Complimenting the gown, was a shoulder-length headpiece of matching Alencon lace with a nylon bouffant veil. Her bouquet was a cascade of white carnations, pink roses and baby's breath.

Miss Rita M. Duty was her sister's maid of honor. Bridesmaids were Miss Barbara Lorraine, sister of the groom, and Miss Nancy Lou Butler.

The bride's attendants

wore identical floor-length dresses of red velvet featuring sweetheart necklines and empire bodices. A self ruffle of the velvet edged the long sleeves. The empire waistline was accented by a

velvet sash with a flat bow in front. Soft bows of red velvet were worn in their hair and they carried nosegays of pink and red carnations.

Miss Mary Duty, sister of the bride, was flower girl. Master Kevin Duty, brother of the bride, was ring bearer.

Brett Lorraine, brother of the groom, was best man. Groomsmen were Paul G. Duty, Bernard Schwertner and David McMillan, who also served as ushers.

A reception was held immediately following the ceremony at an inn. Members of the house party were Misses Lora Lea Lomas, Mary Beth Langley, Linda Nickels and Susan Foerster.

The bride is presently attending Southwest Texas State University where she is majoring in elementary education. She is a member of Gamma Phi Beta Sorority. The groom is a graduate of Southwest Texas State University where he is presently continuing his education towards his Masters.

The couple is now at home at 922 Belvin Street, San Marcos.

Miss Helen Marie Koch is bride of Steven Lynn Hamilton

Always a welcome addition to the various calendars in my study which help me keep time by the day is one published by the U.S. Capitol Historical Society. One arrives each new year, compliments of our good Congressman ABRAHAM (Chick) KAZEN, 23rd District of Texas, and it is immediately put to good use.

It is called a "We, the People Calendar" with colorful pictures of our Capitol, an authenticated record of our nation's days past and days to come, and an impressive reminder "of mankind's onward march through the centuries to freedom and democracy."

One such reminder is that the first U.S. presidential election was held Jan. 7, 1789 ... which reminds me to remind you that you have only until Monday, Jan. 31 (of this year) to register if you plan to vote in this important National (as well as State, County, and City) election year.

Thank you, Congressman Kazen, sir, for helping to remind all of us!

Rocks-in-my-head I've been accused of having many times. Now I am acquiring a collection of painted rocks and they are very pretty ones, all gifts from friends.

The latest addition came from the art students in PHELIX COWAN's 7th and 8th grade classes at D'Hanis. These talented boys and girls hope to have some very special rocks ready for our May 6 Museum Day arts and crafts displays.

One of the group painted a big, bright blue flower on a rock that serves as a favorite paper weight. This was a gift from their school councilor, R. A. HARRISON.

See why I'm always pleased to be "back to the rockpile" almost any old day?

Stock show time is almost here, come Feb. 7-8th. School holidays, too, but only the first of which includes the teachers. On Tuesday they will be holding a Work Day of their own, probably trying to figure out ways and means for the kids to account for a full week's scholastic progress in three days.

To see JEAN (Mrs. Vicente) HERNANDEZ, one would never think she is the mother of SEVEN children - one for every day in the week!

But, she is, and when I met her she was accompanied by CATHY who is two and the youngest of the happy group.

When I noted the titles of two books which BONNIE MOOS and LINDA SCHMIDT reviewed recently for the Hondo Young Homemakers, I thought I might suggest one for some future program.

The books reviewed were "The Adventure of Being a Wife" and "How to be a Married Mistress".

How about "Have you had it in the Kitchen?" which was a little number I heard reviewed on TV last fall as a "prelude" to the Women's Lib hassle? Only I'm sure our YH wives are enjoying their present status just as-is, bless their young hearts and homes!

On a recent business trip to Austin, ANNE DAVIS was delighted to find the original document recording the secession of Texas from the United States (1860-65?) and bearing the easily legible signature of her great-grandfather, CHARLES De MONTEL, who came to Texas from Germany in 1836. It was on display in a glass case on the first floor of the Rotunda.

It was he who met the boats and brought the colonists to Medina County where they settled on land which Mr. DeMontel had surveyed. He was also the father of Dr. O. B. TAYLOR's mother, JUSTINE PINGENOT DeMONTEL.

Of course, there are many other descendants in this area but I dare not try to include them lest I get too tangled up in the branches of the pioneer family tree.

If you read BILL SALTER's story in the Sunday S.A. Express (1/16) about ANNALEE (Mrs. Henry) BURNS's "ARC", I hope you enjoyed it with me.

AnnaLee's "All Around the Canyon" is a weekly feature of our neighboring Uvalde Leader-News and probably one of the contributing reasons for the wide circulation they enjoy. She makes "good reading" which includes several books under her by-line.

Holy Cross Catholic Church in D'Hanis was the scene of the marriage of Miss Helen Marie Koch and Steven Lynn Hamilton Sunday evening at 4:00, Jan. 2, 1972. The Rev. Victor Schmidtzinsky, celebrant of the nuptial mass, officiated at the double-ring ceremony amid the floral setting of baskets of ivory gladioli and lavender mums.

Mrs. Josie R. Finger, at the organ, accompanied David W. McQueston in a solo rendition of "Edelweiss", also the duets of "Moon River" and "Sweetheart Tree" sung by H. Anthony Koch and McQueston. Traditional hymns were rendered by a mixed choir during the mass. Ste-

phen H. Koch, brother of the bride, and Richard Hernandez assisted at the altar as acolytes.

Parents of the bride are Mr. and Mrs. Hilmar J.

groom is the son of Mr. and

Mrs. N. B. Hamilton of Bow-

ie, Texas.

The bride, given in marriage by her father, wore an ivory satin peau de soie gown created with a bell-shaped skirt, Victorian sleeves, appliques of imported Chantilly lace and seed pearl embroidery. The chapel train, bordered with lace, was attached with a satin bow to the back of the empire waistline. She carried a bouquet of ivory cymbidium orchids.

The groom was attended

centered by a large lavender-

throated orchid with baby's

breath and ivory satin stream-

ers.

Miss Margaret Koch of

San Antonio was her sister's

maid of honor. Miss Charlotte Schuette of Fredericks-

burg was bridesmaid, and

Joan McQueston of Ringwood,

N.J., niece of the bride,

flower girl.

They wore identical gowns of winter green velvet, designed with an A-line skirt, empire waist and Victorian sleeves with inserts of sheer silk organza. Matching velvet caps and gold initialed lockets completed their attire. The carried bouquets of lavender mums.

The groom was attended

by Gary Lancaster of Bowie as best man. Michael J. Koch, brother of the bride, was groomsman and David Hamilton, nephew of the groom, was ring bearer.

Ushers were H. Anthony Koch, brother of the bride, and Patrick S. O'Hara of Hondo.

A reception followed the ceremony in St. Dominic's Hall, D'Hanis where Mrs. David W. McQueston of Ringwood, N.J., presided at the bride's book.

The wedding cake, a four-tiered confection, was trimmed with tiny lavender flower buds and bits of greenery topped by the traditional miniature bride and groom. It was served by Miss Cecilia Arcand of Big Springs. A double-layered German chocolate groom's cake was bedecked with fruit and nuts. It was served by Miss Laura Rothe. Miss Karen Schmidt of Austin served coffee and punch was served by Mrs. Stephen Ganns of Lubbock.

After a honeymoon trip in the snowy mountains of Ruidoso, New Mexico, Mr. and Mrs. Hamilton are at home at 4628 Canton Ave., Lubbock.

On Saturday evening, January 29, he will meet with the youth of the First Baptist Church. He will show slides of various scenes which will be of particular interest to young people. He will also tell of his work and answer questions. All Hondo area youth are invited to attend this meeting.

A cordial invitation is extended to all interested persons to attend.

A doctor who operates on himself has a fool for a patient.

It's an old saying, but it's never made more sense. There are some jobs in life that you just don't tackle by yourself. The preparation of your income tax should be one of them.

And that's where H & R Block, The Income Tax People, come in. H & R Block is America's largest tax service with more than 6,000 conveniently located offices to serve you. Your H & R Block representative is specially trained and can provide information on legitimate income tax benefits and opportunities that the average man on the street doesn't even know exists.

For instance, do you know all about deductions for child care or casualty losses? Or, that if your income increased over the last few years, you may save tax dollars by "income averaging"? And even if you did, would you know how to go about "income averaging" to begin with? Probably not. And there's no reason why you should. After all, you're an amateur when it comes to doing income tax.

"The most repeated state-

ment by the adults was that the time and money spent was well invested," said FFA advisor, J. D. Schmidt. "The information and ideas exchanged through the safety part of the program could

well save money and even possibly someone's life."

Bob Nations, Principal of the high school, opened the course with a welcome. Charles Yeates, Instructor from the Adult Education Department Texas A&M and the Texas Education Agency, replied that the information given the adults in four nights compares to a full semester work at any college.

3-way tie continues in 28-AA basketball

The Hondo Owls, Pear-
all Mavericks and Devine
Warhorses all remained tied
for the District 28-AA bas-
ketball crown after all three

teams scored impressive wins
Tuesday night.

The Owls had the tough-
est assignment and came
through with a 73-61 win o-

ver Medina Valley, while
Devine got a stiff test from
Southwest before posting a
76-64 victory and Pearsall
routed Cotulla 93-33.

In the Hondo-Medina
Valley game the five start-

ers did all the Owl scoring
led by Keith Ligon's 22
points. Tschirhart led Me-
dina Valley with 21 points.

Other Owl scorers were
Grant with 18, Batteau 16,
Knowles 9, and Blackshear
8. Medina Valley scorers
also included Itis 15, Car-
dena 11, DeCock and Keller
6 and W. Itis 2.

The game was close
through the first quarter with
the Owls leading only 15-14,
before opening an 11-point
halftime lead. The teams
battled on even terms
throughout the second half.

At Southwest, the War-
horses held only a four-point
halftime lead over the win-
less Dragons before exploding
in the second half. The winners'
Dennis led all scorers with 33 points.

The Mavericks had the
easiest time as all five start-
ers scored in double figures
rolling to their 60-point
victory over outmanned Co-
tulla.

"B" Team
In the Owl-Panther "B"
Squad game, Coach George
Ridell's crew won their sixth
conference game without a
loss in posting a 58-45 de-
cision over Medina Valley.

William Green, with 15
points, and Doug Helvey and
Ray Garcia hit 14 each for
the winners, while DeCock
notched 17 for Medina Val-
ley.

Three Hondo Owls scored
in the double figures Friday
night as the Owls toppled
Carrizo Springs 71-47 to run
their District 28-AA record to 4-1.

The win gave Hondo a
5-2 season record.
The Owls took an early
lead, stretched it to 13-9 in
the first quarter, 35-18 at the
half, 49-24 at the end of
the third quarter.

Keith Ligon led the Owls
with 19 points and was joined
by Lonnie Knowles with 16
and James Batteau with 10.

Tom Hill, 9; Eric Grant, 6;
Robert Blackshear, 4; Pat
Weems, 2; Johnny Abrego,
2; Gordon Wiemers, 2; and
Ben Ybarra, 1.

Dean of Carrizo Springs
led all scoring with 25
points. Castellanos had 9
and Sosa, 6.

HOW TO HAVE A HULL OF A GOOD TIME

Whether old salt or new—you
can log in more pleasure from
your craft by following these
simple boating safety rules:

1. Do not overload a small
boat.

2. Learn the peculiarities of
your boat, its steering system
and equipment.

3. Do not unbalance a small
boat when boarding. Accidents
related to boarding are usually
the result of carelessness.

4. Get a free Courtesy Exam-
ination of your boat from the
Coast Guard Auxiliary. This
will determine whether you have
the necessary safety equipment.

(There is no penalty if your
craft is not up to Coast Guard
standards.)

5. Follow the lead of the
Pepsi-Cola people who suggest
you save all soft drink empties
for proper disposal. Floating
debris can foul up your motor
and your marine scene.

6. Exercise extreme caution
when refueling. Ventilate the
engine compartment for a few
minutes before starting an in-
board.

7. Have a life jacket aboard
for everyone—it's the law. And,
children should wear them at
all times.

8. If in distress, stay with the
boat—even if it is floating upside
down.

9. Do not go far offshore in
a small open boat.

10. When taking a trip, be it
short or long, leave your esti-
mated time of return with
someone else.

11. Do not go far offshore in
